- **Questions and answers 12:35-12:45**

LUNCH (12:45-13:30)

5. Future reporting requirements (13:30 - 14:00) (Angela Falconer (AEA))

- Streamlining and future reporting requirements

Part 3: Breakout sessions – feedback on current and future use of inventory data (see questions on reverse).

6. Breakout sessions (14:00 - 15:30)

- Introduction to the sessions (14:00 - 14:10) (Sarah Choudrie & Anne Wagner (AEA))
- Individual sessions (14:10 - 15:00)
- Feedback from sessions (15:00 - 15:30)

7. Final Questions 15:30 – 15.45

8. Summary and actions (15:45 - 16:00) (Sarah Honour (Defra) & Helen Champion (DECC))
Conclusions, summary and identifying actions

9. Close of day (16:00) (Sarah Honour (Defra) & Helen Champion (DECC))

Questions for break-out sessions

1. What future requirements do you have for emissions data?
2. What do you use our data for – informing policy, reporting requirements etc?
3. What work do you do or studies do you have that could help inform the inventory?
4. Where do you look for and access inventory data?
5. How do you perceive the NAEI website?
